PROFILE

Hi, I'm Colm Fitzpatrick. Thank you for viewing my CV. I have worked on a plethora of AV Projects including being a student theatre technician and doing Event AV and also theatrical AV, which includes being a sound designer and sound engineer for a touring performance of National Theatre's These Bridges.

I have also worked as a Live Sound Engineer in multiple different venues such as The Foundry, Bunny Jacksons, Brecon Jazz and Fringe Festival, and Christ College Brecon

WORK EXPERIENCE

Edinburgh Fringe Festival

August 2023

Technical Manager @ Paradise Green

- Power up and power down lighting and sound rigs in 5 performance spaces daily and check the all systems were fully functional at the start of the day
- Schedule technicians to be in different performance spaces at the right time to assist companies
- Troubleshoot any technical issues and answer technical queries

Langworthy Live

September 2022 & 2023

Head Sound Engineer

- Setup PA systems in 14 small venues
- Setup main PA system in the Main venue which comprised of PA, Foldbacks, IEMS
- Mic up and mix bands and performers both for FOH and monitors
- Offer technical support and assistance in all of the venues

Theatre Technician and Mobile AV Tech

2016 - 2020

Student @ Christ College Brecon

- Delegate AV jobs to other technicians and train them in AV roles
- Design and build Sets for theatrical performances
- Rig and Design lighting and sound for shows
- setup and operate a live stream system for events and sporting fixtures
- Design and build systems for mobile events such as Discos, PA for commentators for sports, and many more
